

# Brain Bank Singapore

## *Your Gift to Future Generations*

Brain Bank Singapore is the first Tissue Bank in Singapore & South-East Asia that is dedicated to providing a national resource of post-mortem brain and spinal cord tissues for research into brain disorders such as Dementia, Parkinson's Disease, and Stroke.

These tissue donations are vital to increase medical knowledge to better diagnose, prevent, treat, and cure such conditions.

**25 AUGUST 2020, TUESDAY**  
**3PM - 4PM**

**ONLINE VIA ZOOM**

REGISTER AT [HTTPS://WWW.EVENTBRITE.SG/D/ONLINE/TOYL/](https://www.eventbrite.sg/d/online/toyl/)

*Find out more about Brain Bank Singapore, learn about the human brain, and have fun with our brain-stimulating activities!*

This programme will be conducted in English
